

Corrugated tubes in PVC for electrical wiring.

Uses

Suitable for flush wall and ceiling mounting to protect the electric conductors.

Characteristics

Fire behaviour	 Non flame propagation
Dimensions	 UNE-EN 60423
Packing	 100 m. rolls for 16 and 20; 75 m. for 25; 50 m. for 32; and 25 m. For 40, 50 and 63. 16: 20: 25: 32: 40: 50 and 63
Standard	 UNE-EN 61386-22
Electrical properties	 Not available
Compressive strength	 320N
Bending resistance	 Pliable
Impact resistance	 1J
Maximum temperature	 60°C
Minimum temperature	 -5°C

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
16	16	+0/-0,3	10.7
20	20	+0/-0,3	14.1
25	25	+0/-0,4	18.3
32	32	+0/-0,4	25.3
40	40	+0/-0,4	31.2
50	50	+0/-0,5	39.6
63	63	+0/-0,6	52.6
