

**Double wall tubes with a corrugated outer layer and a smooth inner layer, manufactured in fireproof polyolefin.**

## Uses

Suitable for flush mounting to protect the electric conductors.

## Characteristics

Colours	<b>White</b>	Compressive strength	<b>320N</b>
Fire behaviour	<b>Non flame propagation</b>	Bending resistance	<b>Pliable</b>
Packing	<b>50 m. rolls</b>	Impact resistance	<b>2J</b>
Standard	<b>UNE-EN 61386-22</b>	Maximum temperature	<b>90°C</b>
Electrical properties	<b>Insulating</b>	Minimum temperature	<b>-5°C</b>

## Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
40	40	0,8	30
50	50	1	37
63	63	1,2	47
90	90	1,7	67
110	110	2	82
160	160	2,9	120
