

Corrugated tubes in fireproof polyolefins.

Uses

Suitable for flush wall, ceiling and floor mounting.
 Specially recommended for concrete-embedded installations.

Characteristics

Colours	Grey	Compressive strength	Middle: 750N
Fire behaviour	Non flame propagation	Bending resistance	Pliable/ Transversely elastic
Dimensions	UNE-EN 60423	Impact resistance	Middle: 2J
Packing	100 m. rolls for 16 and 20, 75 m. for 25, 50 m. for 32 and 25 m. for 40 and 50	Maximum temperature	90°C
Standard	UNE-EN 61386-22	Minimum temperature	-5°C
Electrical properties	Insulating		

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
16	16	+0/-0,3	10.7
20	20	+0/-0,3	14.1
25	25	+0/-0,4	18.3
32	32	+0/-0,4	25.3
40	40	+0/-0,4	31.2
50	50	+0/-0,5	39.6
63	63	+0/-0,6	52.6
