

Corrugated pre-wired tubes manufactured in fireproof polyolefin with PVC insulated cables.

Uses

Suitable for flush wall and ceiling mounting.

Characteristics

- Fire behaviour  **Non flame propagation**
- Dimensions  **UNE-EN 60423**
- Standard  **UNE-EN 61386-2-2**
- Electrical properties  **Insulating**
- Compressive strength  **Middle: 750N**
- Bending resistance  **Pliable/ Transversely elastic**
- Impact resistance  **Middle: 2J**
- Maximum temperature  **90°C**
- Minimum temperature  **-5°C**
