

It is a pre-wired pipeline that comprises a rectangular pipe with three independent cells. Each of them houses a single core cable ECO-REVI H07Z1-K (HS). Both the cables and the pipe are halogen-free and meet the high-security conditions.

**APPL**

**Uses**

Adecuado para el montaje superficial y semiempotrado (cubierto por una pequeña capa de yeso) en lugares donde no es posible la instalación bajo tubo.

**Characteristics**

Colours	 <b>Conduct: White Cable: Brown, yellow-green and blue</b>	Compressive strength	 <b>Strong: 1250N (in working position)</b>
Fire behaviour	 <b>Non flame propagation</b>	Bending resistance	 <b>Pliable</b>
Packing	 <b>Rollos de 50m</b>	Impact resistance	 <b>Low: 2J</b>
Standard	 <b>Conduct: UNE-EN 61386-2-2 Cable: UNE-EN 211002</b>	Maximum temperature	 <b>90°C</b>
Electrical properties	 <b>Insulating</b>
